## PROFESSIONAL EXPERIENCE

---

### Brainvire Infotech Pvt. Ltd. — Senior Flutter / Android Developer | Ahmedabad | Mar 2023 – Present

- Led end-to-end development of production Flutter and Android apps shipped to Google Play and App Store.
- Architected Clean Architecture with MVVM, BLoC/Cubit, and GetX; improved testability and cut regression bugs significantly.
- Integrated REST APIs, Firebase (Auth, Firestore, Crashlytics, Analytics), payment gateways, and push notifications.
- Implemented offline-first strategies using SQLite, Room, and Hive for reliable data persistence.
- Managed CI/CD pipelines, versioning, crash monitoring via Crashlytics, and Play Store / App Store release cycles.
- Used AI-assisted tools (Claude AI, GitHub Copilot, Gemini, Cursor) to accelerate coding, debugging, and refactoring.

### Variance Infotech Pvt. Ltd. — Senior Android Developer | Ahmedabad | Jun 2018 – Feb 2023

- Built enterprise Android CRM apps (CRMTiger, LeadMaster) using Kotlin and Java with MVVM architecture.
- Designed data layers with Room, LiveData, and Retrofit for business-critical workflows.
- Optimised app performance, memory usage, and cold-start time across multiple Android versions.
- Communicated directly with clients for requirement analysis and effort estimation; mentored junior developers.
- Collaborated with backend and QA teams in Agile/Scrum environments.

### I-Verve Infoweb Pvt. Ltd. — Junior Android Developer | Ahmedabad | Dec 2014 – May 2018

- Developed Android apps with Java, Android SDK, Fragments, and Material Design components.
- Integrated third-party APIs (Foursquare), SQLite, and push notifications for real-time features.
- Handled full cycle: requirement gathering, design, development, testing, and Play Store deployment.
